SUBJECT: REGULATIONS FOR THE DIVISION OF COMMUNITY PROPERTY FOR COUPLES
WITH A SPOUSE IN LONG TERM CARE (LTC)

Reference: ACWD 85-57, 85-78, 88-52

We are informing you of the publication of regulations governing the division of community property for spouses entering into interspousal agreements and for divisions of community property performed by the counties. Regulations governing interspousal agreements were filed on an emergency basis on February 16, 1988 and were finalized after a public hearing in October 1988. Attachment A contains the revisions to existing regulations in Title 22 of the California Code of Regulations (CCR) for interspousal agreements and these changes are highlighted by a bar in the right hand margin. The regulation changes have not yet been added to the Medi-Cal Eligibility Manual (MEM), so please advise your staff of these new regulations.

In addition, emergency regulations governing the "automatic" division of community property were filed on October 13, 1989. Attachment B contains these emergency regulations which are now in force pending a public hearing. As with the interspousal agreement regulations, these are not yet in the MEM and will not be included until they are finalized following the public hearing.

Division of Community Property Regulations and the Implementation of the Medicare Catastrophic Coverage Act (MCCA).

As you know, California's Medi-Cal program already contains provisions to protect the spouse at home from impoverishment when the other spouse requires costly LTC. These provisions have commonly been known as "the division of community property and income" and predate the Medicare Catastrophic Coverage Act. The MCCA contains language that supersedes any provisions states may already have for protecting at-home spouses and replaces them with another method for preventing "spousal impoverishment." However, the MCCA allows states to continue their prior treatment of property until the effective dates of the spousal impoverishment provisions. Consequently, the division of community property will continue to apply to

LTC and at-home spouses applying and eligible before 1/1/90 or those admitted to an LTC facility prior to 9/30/89 regardless of the date of application for Medi-Cal. California plans to implement MCCA on January 1, 1990. The following is a summary of when counties should utilize California's existing division of community property rules and when they should use MCCA rules.

<u>Situation</u>	<u>Treatment</u>
1. Case in LTC and on Medi-Cal before September 30, 1989.	CONTINUE TO USE EXISTING DIVISION OF COMMUNITY PROPERTY RULES.
2. LTC cases where the spouse was <u>admitted</u> into LTC before September 30, 1989. (regardless of when they eventually apply)	CONTINUE TO USE EXISTING DIVISION OF COMMUNITY PROPERTY RULES.
3. LTC cases where the spouse was admitted AND applied and was found eligible for Medi-Cal <u>between</u> September 30, 1989 and December 31, 1989.	USE EXISTING DIVISION OF COMMUNITY PROPERTY RULES.
4. LTC cases where the spouse was admitted into LTC <u>after</u> September 30, 1989 and did not apply until <u>after</u> December 31, 1989.	USE NEW MCCA RULES FOR PROPERTY.
5. LTC cases where the spouse was admitted into LTC and applied <u>after</u> December 31, 1989.	USE NEW MCCA RULES FOR PROPERTY

Details for the new MCCA property rules will be provided in the training sessions already scheduled.

As you also know, considerable controversy is brewing over the possible repeal of the MCCA in whole or in part. If the "spousal impoverishment" portions of the MCCA are repealed, our existing division of community property and income program will be the only protection at-home spouses will have from impoverishment. This is why we thought it was important to provide you with the recently adopted regulations governing the division of community property. It is also important for you to know these rules so you can apply them correctly to those cases identified above which will fall under the old rules even if MCCA is not repealed.

50403. Treatment of Property: Separate and Community Property.

(a) The separate property and share of community property of any person included in the MFBU shall be considered in determining Medi-Cal eligibility.

(c) For purposes of establishing eligibility, an interspousal agreement entered into pursuant to Welfare and Institutions Code Section 14006.2 shall:

(2) list each asset being transmuted;

(3) clearly designate the owner of each asset;

(4) list the value of each asset; and

(5) evidence an equal division of the nonexempt community property.

(d) If an interspousal agreement does not comply with (c) (4) of this section, the county shall request additional information from the applicant, or other party mentioned in (c) (1) to supplement the agreement and verify the methodology used to value assets. Such information may be necessary pursuant to verification requirements contained in Article 4 of this Division.

(e) If an interspousal agreement evidences an unequal division of the nonexempt community property, and the applicant received the smaller share of such property under the agreement, the county shall determine whether the transfer was for adequate consideration in accordance with Sections 50408 and 50409.

(1) If the county determines that the transfer was not for adequate consideration and was made in order to establish eligibility or to reduce the share of cost, the county shall give the applicant's spouse the option of reconveying to the applicant in accordance with Section 50411(d) (1) an amount of property sufficient to provide each spouse with equal shares of the total nonexempt community property identified in the interspousal agreement.

(2) If the applicant's spouse does not reconvey property pursuant to (e) (1) above, the county shall assess a period of ineligibility for the applicant in accordance with Section 50411.

TITLE 22

(Register 88, No. 49—12-3-88)

50408. Transfer of Property Which Does Not Result in Ineligibility.

(a) Transfer of property shall not result in ineligibility for Medi-Cal under any of the following conditions:

(1) The property would have been considered exempt pursuant to Section 50418 of Article 9 of Division 3 of this title at the time of transfer.

(2) The net market value of the property transferred, when included in the property reserve, would not result in ineligibility. The determination of value shall be made as of the time of transfer. If eligibility exists, the value of the property shall no longer be considered.

(3) Adequate consideration is received. Adequate consideration is the fair market value of the property as defined in Section 50412 and includes:

(A) A transfer which was to satisfy a legal debt.

(B) A transfer which was to reimburse someone other than a responsible relative, as specified in Section 50351, for care or benefits provided on the basis of an agreement or understanding that reimbursement would be made. The applicant or beneficiary shall provide evidence that clearly establishes that the value of the care or benefits provided was reasonably equivalent to the value of the property transferred.

(C) A written transmutation of a married couple's nonexempt community property into equal shares of separate property through an interspousal agreement.

(4) Foreclosure or repossession of the property was imminent at the time of transfer, and there is no evidence of collusion.

(5) The transfer was made in return for an enforceable contract for life care which does not include complete medical care. In this case, each full item of need provided under the life care contract shall be considered income in kind in accordance with Section 50509.

(6) The transfer was made without adequate consideration but the applicant or beneficiary provides convincing evidence to the county as specified in Section 50409(b), to overcome the presumption that the transfer was for the purpose of establishing eligibility or reducing the share of cost.

(b) There is a presumption that property transferred by the applicant or beneficiary more than two years preceding the date of initial application was not transferred to establish eligibility or reduce the share of cost. Such property shall not be considered in determining eligibility.

(c) While the transfer of property by an applicant or beneficiary from one form to another, as described in (a) above, has no effect on eligibility, any

(B) The value of the applicant or beneficiary's share of any nonexempt separate and one-half share of nonexempt community property acquired from the date of most recent entry into a skilled nursing or intermediate care facility to the date eligibility is determined.
